AMERICAN FOUNDATION FOR
Suicide Prevention

You are not alone.

Join with a community of suicide loss survivors to find comfort and gain understanding as we share stories of healing and hope.

International Survivors of Suicide Loss Day is the one day a year when people who are affected by suicide loss gather around the world at events in their local communities for support, information, and empowerment.

This year's program includes a screening of ***Family Journeys: Healing and Hope after a Suicide***, a new documentary produced by the American Foundation for Suicide Prevention that traces the ripple effect of a suicide through families and communities, and explores the challenges we face as we cope and heal.
