

Beginning at 8:30 PM on Tuesday, May 17th, the Town of Shrewsbury's contractor, Hydra Tech, will be replacing a water valve in the vicinity of 864 Hartford Turnpike, Route 20. The shaded area will not have water while this work takes place. Water service is expected to be restored by 5:00 AM. The water service interruption area is between 792 and 904 Hartford Turnpike, including all of Avalon.
