Shrewsbury Recycling Information Calendar Year: 2018

For Residents participating in the Municipal Rubbish & Recycling Collection Program

Did you know...? Massachusetts laws mandate the recycling of:

- Paper and Cardboard
- Bottles and Cans
- Leaves and Yard Waste
- Car Batteries
- TVs and Computers
- Appliances and Electronics

Please keep these items out of your trash by recycling them properly.

RECYCLING SCHEDULE: Recycling is collected every other week on your regular rubbish collection day. The bin must be at the curb by **7:00 A.M.** on your designated collection day and no sooner than the night before, as routes and drivers are subject to change without notice. In the winter months, the bin needs to be free of snow & ice and clearly visible to the collection crew.

The Town is divided into two routes indicated by color (BLUE or GREEN).

To determine the color route your street is on, visit <https://shrewsburyma.gov/DocumentCenter/View/335>

RECYCLING BIN OPTIONS: The color of the bin does not matter, it just can't exceed 32 gallons in size.

- Residents may purchase their own bin from any hardware store up to 32 gallons in size. If you purchase your own bin, the Health Department can offer 2 free RECYCLE decals – limit 2 per household.

OR

- Purchase a bin at the Health Department (only size offered is 22 gallons). Bins are \$11.00* each (*price is subject to change). Accepted payment methods: Cash or Check
- Note: Residents *do not have* to purchase a bin from the Town and there is no limit on the number of bins you can place at the curb.

RECYCLABLE ITEMS: On blustery days, please do your best to contain recyclables. Heavier items on top!

- Plastics, cans, bottles, cartons can be commingled in the same bin (please rinse out beforehand).
- Paper can also be placed in the same bin as long as it's in own paper bag and set on top of the bin.
- Shrewsbury is not a single-stream community (i.e. paper must be separated from bottles, jars, and cans).

YOU CANNOT RECYCLE THESE ITEMS: Styrofoam®, Diapers, Garden Hoses, Flower Pots, Hazardous Waste, Medical Waste, Sharps (needles of any description), Plastic Bags
