There are numerous benefits of purchasing a niche to store the cremated remains of your loved one, including:

Location – The Morey Chapel Columbarium is located next to the Historic Section of the cemetery. The columbaria area is tranquil, with more mature trees, and with less active burials occurring in this older section of the cemetery.

Affordability - The cost of a niche is \$950.00, or \$850.00 for niches located on the bottom row of the columbarium wall. The interior dimensions of a niche are 15.5”L x 12”H x 12”W, which is ample space to store two urns. A single grave lot is also allowed to store two urns, and costs a minimum of \$1,738.00. Additionally, the cost to place an urn in a niche is \$375.00-\$550.00 less than the cost to bury an urn. (Costs as of July 1, 2022)

Pre-Planning – While lots are available only for immediate need, which is when there has been a death in the family, niches are available on a pre-need basis. Each household can purchase up to two (2) niches, allowing them to reserve enough space to accommodate four (4) urns. Additionally, niches are available for purchase by Shrewsbury residents to be used by non-resident parents or children.
