*Four Points Sheraton*

*Norwood, MA*

*Registration and breakfast: 8:30 a.m.–9:30 a.m.*

*Conference: 9:30 a.m.–3:30 p.m.*

---

On **December 10, 2018** the Massachusetts Department of Public Health's Bureau of Substance Addiction Services (BSAS), supported by the Center for Strategic Prevention Support (CSPS), will host a Substance Use Prevention Conference for coalitions and community representatives from across the state.

**Communities funded through BSAS Substance Use Prevention Grants are required to attend.** We will have plenty of space to accommodate additional representatives from cluster communities, coalitions, and other **prevention** related efforts not currently funded by BSAS as well, so you are encouraged to share widely with all of your prevention partners and stakeholders.

Registration and information on the keynote and session presenters will be forthcoming later in the fall, but for now please save this date!
