TO: Chief of Police
FROM: Timothy Deschamps, Executive Director
RE: 2020 Enhanced Larval Control program
DATE: May 14, 2020

**NOTICE OF HELICOPTER APPLICATIONS OVER WETLANDS IN YOUR
COMMUNITY**

Please be advised that the Central Mass. Mosquito Control Project (CMMCP) and North Fork Helicopters will perform aerial applications for larval mosquito control from **May 21-31, 2020**. These applications will occur in low-lying swampy areas (see attached map) where mosquito larvae are present using a granular form of Spinosad (*Saccharopolyspora spinosa*), a certified organic, naturally occurring soil bacterium.

Weather, especially high winds and rain, will determine the actual dates of application; we will call your department one day prior to the applications.

Please call (508) 393-3055 for more information, and please pass this information along to any residents that call with any questions. For more information please check this link: <https://www.cmmcp.org/home/news/2020-enhanced-larval-control-program>
