# Your Business and the Waste Bans: What You Need to Know

### **What are waste bans?**

“Waste bans” are restrictions on the disposal, transfer for disposal and contracting for disposal of certain hazardous items and recyclable materials at solid waste facilities in Massachusetts.

The waste bans are designed to:

- Conserve capacity at existing disposal facilities.
- Minimize the need for new facility construction.
- Provide recycling markets with large volumes of material on a consistent basis.
- Keep certain toxic substances or materials from adversely affecting our environment when landfilled or combusted.
- Promote business and residential recycling efforts.

### **What do I need to do? Remove & Recycle!**

Business managers should remove and recycle any banned materials they generate or run the risk that waste loads will be rejected at a disposal site, charged an additional handling fee or face potential enforcement penalties. Recycling at businesses can be easier and more economical than recycling at home, because the materials are generated in larger quantities and are easier to keep separate from the rest of the trash. Recycling prevents unnecessary disposal of usable raw materials, saves energy and reduces air and water pollution. Recycling also reduces disposal costs and can save businesses money by diverting materials from the trash dumpster to the recycling bin.

Your waste hauler may be able to help you establish a recycling program. Also, the Massachusetts Materials Trader has an extensive list of companies that collect or process recyclable materials.

### **What is banned?**

**Asphalt Pavement, Brick, and Concrete:** asphalt pavement, brick and concrete from construction and demolition of buildings, roads, bridges, and similar sources.

**Batteries:** Lead-acid batteries used in motor vehicles or stationary applications.

**Cathode Ray Tubes:** Any intact, broken or processed glass tube used to provide the visual display in televisions, computer monitors and certain scientific instruments.

**Clean Gypsum Wallboard:** A panel (known as drywall) with a gypsum core and faced with a heavy paper or other material on both sides that is not contaminated with paint, wallpaper, joint compound, adhesives, nails, or other substances after manufacture.

**Glass Containers:** Glass bottles and jars. The ban does not cover light bulbs, Pyrex cookware, plate glass, drinking glasses, windows, windshields and ceramics.

**Leaves & Yard Waste:** Leaves, grass clippings, weeds, garden materials, shrub trimmings, and brush one-inch or less in diameter (excluding diseased plants).

**Metal:** Ferrous and non-ferrous metals derived from used appliances, building materials, industrial equipment, vehicles, and manufacturing processes.

**Metal Containers:** Aluminum, steel or bi-metal beverage and food containers.

**Recyclable Paper:** All paper, cardboard, and paperboard products (EXCEPT tissue paper, toweling, paper plates and cups, wax-coated cardboard and other low-grade paper products).

**Single Resin Narrow-Necked Plastics:** A soda bottle is narrow-necked but a yogurt container is not.

**White Goods:** Appliances employing electricity, oil, natural gas or liquefied petroleum gas. These include refrigerators, freezers, dishwashers, clothes washers, clothes dryers, gas or electric ovens and ranges, and hot water heaters.

**Whole Tires:** Motor vehicle tires of all types (Combustion facilities can accept whole tires for disposal. Shredded tires are not restricted).

**Wood:** Treated and untreated wood, clean wood (trees, stumps, and brush, including but not limited to sawdust, chips, shavings and bark). (Combustion facilities can accept wood for disposal.)

**Commercial Organic Material:** Food and vegetative material from businesses and institutions that dispose of one ton or more organic material per week.

### **Did You Know?**

The waste bans apply to all solid waste destined for a Massachusetts landfill, combustion facility, or transfer station.

Waste generators are responsible for ensuring that they do not contract for the disposal of banned items.

Waste facility operators are responsible for ensuring that unallowable quantities of banned materials are not disposed or transferred for disposal from their facilities. Facilities must check incoming waste in two ways. First, all loads must be visually monitored for the presence of banned materials. Second, random inspections of waste load contents must be conducted.

MassDEP conducts inspections at solid waste facilities to identify haulers and generators (businesses, institutions, municipalities, etc.) that dispose of banned materials.

Businesses and municipalities that do not divert banned items from their waste run the risk of having solid waste facilities reject their waste and charge additional handling fees, and potential enforcement penalties from MassDEP.

Dileo Gas Inc., 630 Sunderland Rd, Worcester MA 01604 Tele: 508-797-5878

The smallest size tank Dileo will accept are the propane tanks for a BBQ: Blue Rhino, etc.

### **One pound propane tanks and helium tank disposal:**

New England Disposal Technologies (NEDT), 83 Gilmore Dr., Sutton MA 01590 Tele:508-866-769-1621 E-mail: [info@nedt.org](mailto:info@nedt.org) Website: <http://www.nedt.org/>

One pound propane tanks (Coleman type, full or empty) are \$3.00 each

Helium tanks (with helium inside): \$25.00 each

Helium tanks (empty and knock out on tank must be removed): can be accepted for scrap metal.

## **FIRE EXTINGUISHERS**

If you need to dispose of an expired fire extinguisher (whether it's empty or not), please return to:

Fire Department Headquarters, 11 Church Road, Shrewsbury MA 01545

## **CARDBOARD**

For residents on the Pay As You Throw (PAYT) program, please fold or cut cardboard into 2 foot lengths and bundle them together. It can be placed in a paper bag and set on top of your recycle bin or placed in its own separate recycle bin.

Any cardboard that is too big to be folded into a paper bag or a 2 foot bundle will not be collected.

## **LARGE CARDBOARD BOXES (EX. MOVING BOXES)**

Large cardboard boxes need to be flattened and placed in the dumpster marked "Corrugated Cardboard Only".

The cardboard dumpster is for Shrewsbury residents only and not allowed for commercial business use.

The container is accessible Monday through Friday from 7:00 a.m. to 3:30 p.m. at:  
Municipal Garage, 211 South Street, Shrewsbury MA 01545

## **LIGHT BULBS**

### **Round Bulbs - 60, 75, etc. watt bulbs:**

Wrap to prevent breakage and place in your Pay As You Throw (PAYT) rubbish bag.

### **CFL Bulbs - small curly bulbs:**

Return to the Home Depot courtesy counter, located on 530 Boston Turnpike. They have a return program.

## **FLUORESCENT TUBES - UP TO 4 FEET IN LENGTH**

Shrewsbury residents may return to Rocky's Ace Hardware, 261 West Main Street, Northboro.

### **REQUIREMENTS:**

- \_\_\_\_\_ Place wrapped Fluorescent Tubes to prevent breakage
- Broken tubes will not be accepted
- Be prepared to show proof of residency
- There is no fee for this service

## **FLUORESCENT TUBES OVER 4 FEET IN LENGTH**

Tubes over 4 feet in length are considered commercial size and these contain mercury.

Residents may contact New England Disposal Technologies (NEDT). They are a Household Hazardous Products Collection Center located in Sutton, MA. Please call 866-769-1621 for pricing and hours of operation.

## **LATEX PAINT**

Is not hazardous. Put kitty litter, speedy dry or other material in the can to absorb any remaining paint. Put the lid back on tight and place it in your Pay As You Throw Bag

## **OIL PAINT, STAIN, LACQUER**

Residents will either have to wait for a Hazardous event or call New England Disposal Technologies in Sutton. Call for pricing at 866-769-1621

## SOLID WASTE & RECYCLING TIPS

### **Recycling Tip**

Please remember to place used tissues, paper napkins and paper towels in the TRASH and NOT the RECYCLING. As an alternative you compost paper napkins and paper towels.

For more information on recycling please visit <https://recyclesmartma.org/>

### **Solid Waste Tip**

Due to increased concerns for everyone's safety pertaining to the COVID-19 virus, we are kindly reminding residents that PAY-T bags should be closed, tied, and secured for collection.

Finally please be sure all items are at the curb by 7:00 AM

If you have any questions do not hesitate to reach out to us at: 508-841-8502 or visit our website: <https://shrewsburyma.gov/> and then click on the "Solid Waste Trash & Recycling in Town."
